

About QGSC

Established in February 2004 as a joint initiative between the Bureau of Commerce Qingdao (Predecessor: Bureau Of Foreign Trade Economic Cooperation of Qingdao Municipal Government) and our German consultant team, the QGSC enjoys an excellent reputation in the local private and public sector. Based on the diverse backgrounds of our team, such as electrical engineers and humanists, we are able to cover various industries, interests and objectives. Furthermore, our team members are highly experienced with foreign cultures and regulatory environments through studying and working abroad. *Qingdao German Service Center for Small & Medium sized Enterprises* (QGSC)

offers comprehensive business solutions on your way from Germany to China and vice versa. Leverage our experienced, multinational team as well as our efficient governmental and commercial networks in all relevant fields of Greater China and the European Union to reach your market goals in China. QGSC is an ideal partner to bridge the gap between your current business and your desired destination.

Our Network

QGSC never walks alone. Thanks to our international network, we are not only able to reach most geographic areas in China and Europe for delivering our service as customers' request, but also form a classic cross-industry consulting team with our close partners. Consequently, the QGSC can fulfill complex or unique project requirements through cooperation in this network. Besides, QGSC has founded a close relationship with chambers, commercial associations and local industrial bureaus.
